

## Enabling Pop-Ups on your Browser

### In Microsoft Edge

1. Right-click on the Windows icon (lower-left corner of the screen), then click on Settings.
2. Type "pop" or "block" into the search box on the window that comes up and select "Block or allow pop-ups" from the suggested entries.
3. Internet Properties window comes up, with the Privacy tab selected. Make sure the "Turn on Pop-Up Blocker" checkbox is checked, then click on the Settings button
4. Pop-Up Blocker Settings window comes up. Add [in the "Address of website to allow" box] the URL address of the website for which you want to allow pop-ups and click on the Add button (add more addresses if you want, in the same manner).
5. Click on Close to apply the changes and close the window.
6. Click on OK in the Internet Properties window to apply the changes and close the window.

### In Chrome

1. On your computer, open Chrome.
2. At the top right, click More  > Settings.
3. Under "Privacy and security," click Site settings.
4. Click Pop-ups and redirects.
5. At the top, turn the setting to Allowed or Blocked.

### In Safari

1. Click the ellipsis icon (...) in the upper right corner of your web browser, and then click Settings.
2. In the Advanced settings section, click View advanced settings.
3. In the Block pop-ups section, click the switch to Off. Pop-ups are now allowed.
4. To block pop-ups once again, click the switch to On.

### In Firefox

1. Click the menu button  and select Options.
2. Select the Privacy & Security panel.
3. Under the Permissions section, uncheck the box next to Block pop-up windows to disable the pop-up blocker altogether.
